

AIDAN HENDERSON STEWART

Software Engineer

aidanhstewart@gmail.com | 07383822931 | aidanstewart.dev

SUMMARY

I am a final-year BSc Computing Science student and Junior Web Developer with commercial experience developing and deploying full-stack software solutions. I am skilled in JavaScript, Python, Node.js, Express, and other languages, and have experience taking projects from concept through to production. I am passionate about innovative software solutions, and Formula 1, I am particularly motivated by the opportunity to apply software engineering within an environment where technology, performance, and data are fundamental.

WORK EXPERIENCE

Junior Web Developer – NitroSolutions

June 2026 – Present

- Develop and maintain web applications using JavaScript, HTML and CSS.
- Collaborate with developers to deliver production-ready features and improvements.
- Use Git-based development workflows for version control and collaborative development

Track Manager – TeamSport E-Karting

April 2023 – Present

- Manage day-to-day track operations, ensuring safe, efficient and consistent running of race sessions.
- Lead and support track staff, delegating responsibilities, and maintaining high standards.
- Communicate efficiently with other management, staff, and customers to resolve issues and ensure smooth operations

EDUCATION

Glasgow Caledonian University – BSc (Hons)

Sept 2025 – April 2027

Computing Science

- Predicted Grade: 1st Class

Glasgow Clyde College – HND

Aug 2023 – May

Software Engineering with Emerging Tech

2025

- Final Grade: A

KEY SKILLS

- JavaScript
- Python
- React
- SQL & Databases
- Problem-Solving
- Time Management
- API Development
- Object-Oriented Programming
